# GENEROUS GIFT,

Check for \$1200 Sent to Y M. C. A. Finance Committee.

The El Paso and Southwestern rallroad has sent the finance committee of the El Paso Y. M. C. A. a check for \$1200 as a subscription to the main-tenance fund of the local association.

This is in no sense to be regarded as a regular annual subscription, but rather as a testimonial to the excellence of the work at present being done, and an evidence of recognition by the ralithrough the association.

Coming so soon after the \$1000 donation to the Y. W. C. A., this latest gift by this railroad company is all the more notable for its generosity, and there is no lack of appreciation among the people of this community,

# ENOUGH COAL TO

Mineral Expert Says Monetary Value of Alaska Is Exaggerated.

Washington, D. C., April 9.—Alfred H. Broeks, mineral expert of the geological survey, continued his testimony to-day before the Ballinger-Pinchot investigating committee. He said that the United States controlled from 60 to 70 percent of the world's visible supply of coal, and that at the present rate of consumption it will require 400,913 years to exhaust the supply in the United States. These figures are arbitrary, the witness said.

Figured on the basis of the increase in the use of coal in the future at the same rate of the increase of the last two or three years, Mr. Brooks said it has been estimated that the supply of the United States would be exhausted in from 180 to 150 years. It would be somewhere between 150 to 5000 years he declared if the truth were to be found.

Mr. Brooks said there had been too much alarm as to the exhaustion of the

#### LIVESTOCK.

Mr. Brooks said there had been too much alarm as to the exhaustion of the coal supply with other factors of power coming into use and this in time will decrease the use of coal. He thought the Alaskan coal fields were too far away for the leasing system to be employed to advantage. He thought that such a price should be put on the lands of Alaska, however, as to prevent the speculative holding of the property and require its being worked.

Mr. Brooks declared that the future of Alaska depended upon the opening of its coal fields. He also said there had been many exaggerated statements as to the monetary value of the coal fields

#### SICK GIRL HAS CAR TO HERSELF

Young Traveler to Coast Develops Measles—Car Is

Sidetracked Here. Union station and Pullman Car com-pany officials are in a quandary today as to the proper action to take in ref-erence to Mr. and Mrs. Andrew Swanson and their two young daughters, of H., this morning. The youngest child has a well developed case of measies. Upon its arrival in the union station yards this morning, the Pollman tourist car in which they were passengers, was immediately cut out of the train and backed into the lower yards, where it has been standing today, occupied solely by Mr. Swansen and his family, and a negro porter.

Union station attaches have given it a wide berth, as a number of employes a lower rate. The resolutions follow: have just recovered from the measles and others do not care to run the risk actuary, in a letter to Hon. J. U. Sweehave just recovered from the measies, and others do not care to run the risk of contracting the disease

Mr. and Mrs. Swansen are en route to Los Angeles, Cal. They were not aware that their child had been ex posed to the measles when they left home.

WESTWARD TRAVEL

CONTINUES TO BE HEAVY. The fact that the winter tourists' rate from the Missouri river territory ex-pires on April 25, is believed to be responsible for the unusually heavy traffic to the west at the present time. The business is expected to continue until El Paso, and April 20, as persons securing tickets

for several days
The S. P. and G. H. lines have been carrying an unusually large number of passengers. No. 9 on the G. H. was run in two sections into El Paso this morning. It was pulled out as one train, a double header, comprising 12 coaches.

DEWEY SUCCEEDS DIMICK

ON THE NORTHWESTERN Chihuahus, Mexico, April 9.-H. C. Ferris, general manager of the Mexico Northwestern railway company, has ap-pointed E. A. Dewey as superintendent of the Chihuahua division of that company to succeed E. Dimick, who resigned last week. Mr. Dewey is an experienced railroad man and has been with the Mexico Northwestern at Madera,
